**TIPS** from your Environment Committee:  
 The easiest way to save natural resources is to NOT use them (obvious!).

- Turn OFF lights when possible.
- Use the new Christmas lights. They use less energy in a season that the old ones used in one evening.

The Congregational Life Committee invite you to **come out to the movies on December 14<sup>th</sup>** (time yet to be determined) to watch the newly released movie "The Nativity Story" playing at the Galaxy Theatre (and have a coffee afterwards). We'll meet in the lobby and people can purchase their own tickets.  
 Watch for more information.
