Press Release - Revised

St. Andrew's Presbyterian Church celebrates its 180th Anniversary with an invitation to all faith communities to build 'My Neighbour's House' in partnership with Habitat for Humanity Wellington County.

'My Neighbour's House' will be the first ever Multi-Faith Habitat Build in Wellington County. It will be completed in 2009 by members of Guelph's diverse faith communities working together to fundraise and construct a new home for sale to a local low-income family.

- **Guelph, ON, March 18th, 2008:** St. Andrew's Presbyterian Church, one of the founding faith communities of the city of Guelph, invites its many brothers and sisters in faith groups throughout the city to help us build 'My Neighbour's House' in partnership with Habitat for Humanity (www.habitatwellington.on.ca). In the summer of 2009, we hope approximately 150 people will join with us as we construct this new home. Through multi-faith partnership in a meaningful service project, we also desire to build better understanding, mutual respect and a stronger community of all faiths. Financial contributions would also be welcome, as our goal is to raise \$200,000 by early 2009. All interested faith groups and individuals in the city are welcome to accept the invitation by contacting Rev. John Borthwick of St. Andrew's Presbyterian Church at 519.822.4772 or seventytimes7@rogers.com or through their website www.standrewsguelph.com.

For Immediate Release – March 18th, 2008
